

UHINAK

I. Cross border conference
on climate and coastal change
Ramón Iribarren memorial

6th OCTOBER, TUESDAY

8.00h – 9.00h / Assistants reception and welcome breakfast

9:00h / Official opening

9:45h / Opening lecture

Major challenges in the research of marine ecosystems.

Ángel Borja, AZTI

BLOCK I - Climate change challenges for the Basque Country / Aquitaine coas

10:15h

Coastal changes (coastline, estuaries and lakes) and climate change in Aquitaine. **Aldo Sottolichio**, UMR EPOC

10:35h

Effects of climate change on the resources exploited by fishing and oyster farming in Aquitaine. **Nathalie Caill-Milly**, LRHA

11:00h

Networking coffee

11:30h

Recording of sea level over decades, centuries and millenia: the geological archive of the basque coast. **Alejandro Cearreta**, UPV/EHU

11:50h

Sea level variability scenarios: flood risk on the Basque Coast. **Ainhoa Caballero**, AZTI

12:10h

Impact on biodiversity, ecosystems and coastal resources. **Guillem Chust**, AZTI

12:30h

Colloquium

13:30h

Networking lunch

BLOCK II - Effects and adaptation in coastal uses

15:00h

Extreme precipitation scenarios for the Basque Country. **Robert Monjo**, FIC

15:20h

Impact of extreme events on bathing water quality. **Matthias Delpey**, BC3

15:40h

Economic impact of the rise in sea level on the Basque Coast. **Elisa Sainz de Murieta**, BC3

16:00h

KLIMA 2050: The new basque climate change strategy. **Carlos Castillo**, Ihobe, Basque Gouvernement

16:20h

Colloquium

16:45h

The Atlantic action support team as a tool for promoting the Atlantic Maritime strategy. **Federico Cardona Pons**, BC3

17:00h

End of the first working day

20:00h

Conference dinner: Hermandad de Pescadores
Restaurant in Hondarribia. Zuloaga street 12, in front of Hotel Jauregi. 943642738

* Simultaneous translation into Spanish and French will be provided for all sessions

7th OCTOBER, WEDNESDAY

8.30h – 9.00h / Assistants reception and wellcome coffee

9:00h / Opening conference

Integrated management of coastal areas and the principle of no deterioration.

Miguel A. Losada, University of Granada.

BLOCK III - Impact of extreme events and action on the coast

9:45h

Actions through emergency works carried out by the MAGRAMA on the Basque-Spanish coast in 2014. **Galo Díez Rubio**, MAGRAMA

10:05h

Effect of the storms in winter 2013-2014 on the coastline of Aquitaine. **Cyril Mallet**, BRGM

10:25h

Atlas of flooding due to extreme waves on the coast of Gipuzkoa; context of the effects of the 2014 winter storms. **Pedro Liria**, AZTI

11:00h

Networking coffee

11:30h

Strategies for climate change of infrastructure under the management of the autonomous government. **Almudena Ruiz de Angulo**, EJ-GV

11:50h

Vulnerability, impact and adaptation in built-up coastal environments. **José María Grassa**, CEDEX

12:10h

Trasposal of the basque floods directive: risk management plans. **José María Sanz de Galdeano Equiza**, URA, Basque Agency of Water

12:30h

Multi-risk coastal management - How to regulate the compliance of rules, an operational. Agglomération Sud Pays Basque, **Albert Larrousset**, **Caroline Huveteau**

12:50h

Colloquium

13:30h

Networking lunch

BLOCK IV - Management and decision-making support tools

15:00h

Climate change adaptation measures in the Cantabrian estuaries: case of the OKA estuary (Urdaibai biosphere reserve). **Manu Monge-Ganuzas**, EJ-GV

15:20h

Study of storm waves and their impact on the Basque Coast: application "Au site Atelier" of the beaches to the south of Anglet and Zarautz. **Denis Morichon**, University of Pau and Pays de l'Adour

15:40h

Naturalisation of urban sandy areas. **Jon Zulaika Isasti**, Diputation Foral of Gipuzkoa

16:00h

Impact on the coast; new system for bad weather warnings due to coastal phenomena from Euskalmet. **Jose Antonio Aranda**, EJ-GV

16:20h

Colloquium

17:00h

Closure

** Simultaneous translation into Spanish and French will be provided for all sessions*

/ ORGANIZERS

/ CONTRIBUTORS

UHINAK Congress is promoted by FICOPA, which has the support of a scientific committee and contributors who make it possible.
